MILLION LOSS.

Dold Packing House Burned at Wichita, Kansas, Today.

GOOD ROADS CONVENTION.

It is Reported That The Boer War May Soon Come to a Close in South Africa.

SEVERE DROUTH IN KENTUCKY.

MILLION DOLLAR FIRE. Wichita, Kan., July 16.—The Dold packing house burned here today, and seven million pounds of meat were destroyed. The loss will reach one million.

CONVENTION IN OWENSBORO.

Owensboro, July 16.—The Good Roads convention opened here today, and there is a good crowd in attendance from the neighboring sections. A big barbecue adds to the enjoyment of the day.

THE BOER WAR.

Cape Town, July 16.—Chancellor Spriggs says that the British government is trying to shape a course for the speedy termination of the Boer war.

DROUTH IN KENTUCKY.

Louisville, July 16.—From all over the state come reports of damage from the drouth, but the worst conditions seem to prevail in Clinton, Madison, Grant and Boyle counties. The corn has been badly damaged.

MINES CLOSED IN PENNSYLVANIA.

Wilkesbarre, Pa., July 16.—The eight hundred engineers who are striking here today have caused the idleness of nearly fifty thousand miners, all the mines having closed down.

REPUBLICAN PRIZE.

MARY IN LOUISVILLE. Louisville, July 16.—The indications are this afternoon that the Sapp ticket will be nominated here at the Republican primary today.

OFFICE CLOSED.

ONLY THREE RECRUITS SECURED IN PADUCAH THIS TIME.

Lieutenant F. De Funiak, of Louisville, arrived in the city this morning and mustered in three recruits for the coast service artillery. The following are the names of the recruits: William S. Ogilvie, of Wickliffe; Charlie Levi and Shelby Robins, of this city. They left for Louisville on the noon train. The recruiting office was closed here yesterday, one day sooner than was expected, and the officers will probably not come here any more for some time. Sergeant R. C. Hard, who had charge of the office here, stated that he did not do so well as he expected. "I examined over 20 men but rejected them all with the exception of the three I am taking to Louisville now. I examined one man, from down near Woodville, who measured six feet three inches in his sock feet. I rejected him on account of a deficiency in chest measurements. There were several others who did not pass on some slight deficiency. We want them perfect." Lieutenant De Funiak has gone to Murray where he will muster in recruits.

NO TIME SET.

THE INSPECTION OF WATER WORKS INTAKE IS SOON TO BE, HOWEVER.

The time has not yet been set for the inspection of the Water company's rotary strainer and intake. It is desired that the river be lower than now, in order that the workings of the strainer may be best seen and understood.

The city council, and all citizens who desire, will be taken across to the island on the Brook Hill by Superintendent Burnett, of the Water company.

FOR \$3,200.

LOSS ON THE YEISER-M'ELRATH STOCK SETTLED LAST EVENING.

Adjustors Johnson, Jefferson and Watkins, of Louisville, who were here to adjust the loss on the Yeiser-McElrath drug store, which caught fire about two weeks ago, last night finished their work and the loss was settled at \$3,200.

For indigestion there is nothing that equals Winstead's Laxative Phosphate.

MUSICAL CLUB.

ONE ORGANIZED LAST NIGHT BY MUSIC LOVERS OF PADUCAH.

OFFICERS ELECTED BY A MEMBERSHIP OF THIRTY-FIVE.

An organization that will no doubt be one of the most popular as well as instructive in the city is the Paducah Musical club organized last night. The meeting was held at the residence of Mrs. H. P. Wells and was well attended. The club starts with a membership of thirty-five and with the following as officers: Mrs. H. P. Wells, president; Prof. Harry Gilbert, vice president; E. J. Paxton, recording secretary; Miss Ada Brazelton, corresponding secretary; Emmet Bagby, treasurer; Miss Virginia Lesh, librarian. A committee on by laws and constitution, with Miss Ada Brazelton as chairman, and a committee on program with Mrs. Jas. Weille as chairman, were also elected.

THE CLUB INTENDS TO TAKE UP A LINE OF STUDIES IN MUSIC AND WITH THE TALENT IT COMPRISES GIVES PROMISE OF BEING VERY SUCCESSFUL.

Another meeting will be held next Monday night with Mrs. Wells when the by laws and a constitution will be adopted and a permanent organization effected.

A SURPRISE WEDDING.

MR. CLARENCE PRATT AND MISS FRANCES BARRICMAN WED. Rev. B. E. Reed Officiated—Couple Have Gone to Dixon on a Bridal Tour.

Mr. Clarence W. Pratt, son of Mr. E. W. Pratt, of South Third street, and Miss Frances E. Barricman, of Fourth and Adams street, were married at the Episcopal church this morning at 10:30 o'clock. Rector B. E. Reed officiating. The marriage was a quiet affair and was attended by few of the couple's most intimate friends. The bride and groom left on the noon train for Dixon Springs, where they will stay for two weeks and then return to go to housekeeping on South Third street.

Mr. Pratt is a motorman and is a popular young man among his many acquaintances. The young lady has been living with her grandmother, Mrs. George Brownell, and is a general favorite with her many acquaintances. The marriage was a pleasant surprise.

MORE GOODS.

JOHNSON HAD STOLEN SILVER SET ON THE AVALON.

Lieut. Moore went to the Avalon last night to get a trunk belonging to William Johnson, the negro rouser held over yesterday on a charge of stealing three boxes of medicine belonging to the Chattanooga Medicine company.

He found in the negro's trunk a silver service belonging to the boat, and the trunk was taken to the city hall. It is thought that some of the other contents were stolen.

HAD TROUBLE.

BUT THIS OWENSBORO COUPLE WAS NOT DAUNTED AND SUCCEEDED IN GETTING MARRIED.

Louisville, July 16.—W. W. Wilson, of the Planters' Hotel, Owensboro, and Miss Alice Murphy, of the same city, were married in Jeffersonville, after a considerable amount of trouble. Miss Murphy was of legal age, but the couple seemed to fear trouble, and accordingly eloped, taking along a friend of the young lady. They got a license in Jeffersonville all right, and then trouble arose. Mr. Wilson was a Protestant and Miss Murphy a Catholic. They went to the house of Father O'Connell, but he refused to marry them without a dispensation. Then they came to this city and applied to Monsignor Gambon for a dispensation. He refused to grant it without the consent of the priest at Owensboro. A telegram was promptly sent him, and in the meantime an effort was made to get a marriage license here, but the party entered the court house a little too late. On returning to Father Gambon's house they found a telegram from the priest at Owensboro, saying, "Let them marry." Monsignor Gambon accordingly granted the dispensation, and the party returned to Jeffersonville, where Father O'Connell performed the ceremony. The couple left for Cerulean Springs to spend the honeymoon.

Winstead's Laxative Phosphate cures that tired feeling. At all drug stores.

VERY DULL.

Mayor Lang Has Little Trouble With Loafers These Hot Days.

NO CITY NEWS TODAY.

Arrangements Made to Keep the City Hospital Clear of Chronic Patients Hereafter.

CONDEMNED BRIDGE NOW USED.

"Matters are distressingly dull today in city circles," said Mayor Lang this morning. "There is very little going on, and I don't propose to give out anything for publication—there is nothing to give out," he concluded with a smile.

The hot weather seems to have driven the usual crowd away from the city hall to a cooler place. Mayor Lang's office is a favorite landing place most of the time, but during the hot weather he is seldom disturbed in his work. "There is no time set for the water works inspection," continued the mayor, "and I don't know when it will be. Last night the council exhausted about all the city business, and I'm glad of it."

One woman in distress called at this juncture and was promised assistance to Erin, Tenn., when the next boat goes up. She was the only visitor or an alms seeking mission today.

The city has arranged to clear the city hospital of all the patients who have been there longer than the law permits. Thirty days is the longest under the ordinance, but often a patient is unable to leave in thirty days, and having no home or friends, it would be inhuman to turn him or her out, hence the city has to continue to care for him. Hereafter, however, they will be sent to the poor farm, or county hospital, at the end of thirty days. This afternoon three or four will be transferred.

Today Mr. W. Y. Noble, the contractor, was granted permission to cross the condemned Tennessee street bridge with his gravel teams, on condition that he protect the city by signing papers to indemnify it for any accident that may result. The papers were drafted by City Attorney Lightfoot, and signed by Mr. Noble.

LAND SOLD.

REPORTED THAT THE WISDOM HEIRS DISPOSE OF A PORTION IN TEXAS.

It is reported that the Wisdom heirs, who are now in Texas, have sold a portion of their land there for \$50,000. According to reports oil was found at a depth of one hundred feet, but this is not sufficient to cause a gusher. The prospects seem excellent for finding oil in paying quantities.

ASKS FOR DIVORCE.

MRS. MYRTLE MALLORY ALLEGES ABANDONMENT AND NON-SUPPORT.

Mrs. Myrtle Mallory this afternoon filed in circuit court a suit for divorce and restoration to her maiden name, against Lucien Mallory, formerly of Mayfield. The plaintiff alleges abandonment and non-support. She was formerly Miss Myrtle Glover.

LICENSED TO MARRY.

Marriage license was issued to H. Wilhite, aged 63, of this city, and Eliza J. Sweeney, of this city, aged 36, this morning. It is the former's third and the latter's second marriage.

RAILROAD NOTES.

GENERAL MANAGER WALLACE WAS HERE YESTERDAY.

MASTER MECHANIC BARTON RETURNS—OTHER NEWS OF INTEREST TO RAILROAD MEN.

Assistant General Manager J. F. Wallace arrived in the city yesterday afternoon from Louisville and went south last night. He was accompanied here by his son, Superintendent H. U. Wallace.

Roadmaster P. Galvin and Supervisor W. C. Waggoner were in the city last night. They left for Louisville this morning.

Master Mechanic Barton returned from Fulton yesterday afternoon after having tested the pulling capacity of two engines at the new yards in that city.

A circular just issued by the Illinois Central Railroad company, effective July 1, appoints John L. Downs, supervisor of trains and track of the Rantoul district, Springfield division, with an office at Rantoul, Ill., vice E. Donoghue, retired. Mr. Downs is a brother of D. P. Downs of Terre Haute, Ind., the well known Vandalia man and Roadmaster L. A. Downs, of the Mississippi division. Mr. Downs was at one time track foreman of the Vandalia at Indianapolis.

It is tipped that Flagman R. S. Murphy, one of the oldest flagmen in the service of the Illinois Central will soon be wearing the conductor's buttons.

CLOSE CALL.

SWITCHMAN GRIFFITH BADLY HURT BY A FALL LAST EVENING.

Mr. L. H. Griffith, the well known switchman, is in the hospital suffering from a badly sprained and bruised back and hips. He was the victim of an accident that happened last night about 9 o'clock in the local yards and narrowly escaped instant death. He was on top of a box car when the train struck a coal car, and the shock of the collision threw him off. He fell violently onto the track, and the fall alone was almost enough to kill him. The train was immediately stopped and the injured man picked up. He was conveyed to the Illinois Central hospital where he received the proper medical treatment. He passed a good night and is much improved today. The injuries are of a serious nature and Mr. Griffith will not be out for some time.

PADUCAH STAY.

EVIDENCE IN THE ELLIS GLENN CASE SHOWS WHO SHE WAS HERE.

Parkersburg, W. Va., July 16.—The evidence in the Ellis Glenn case showed that the prisoner passed as H. T. Terry, the mysterious third party in the case, while she was in Paducah, Ky. It also showed that she drank whiskey and gambled.

The crowd in the court room is larger than ever. The attorneys are still examining witnesses for the state.

NO SESSION.

FISCAL COURT ADJOURNS IN RESPECT TO THE LATE JUDGE TULLY.

Fiscal court met this morning at the county court house in called session, and in respect to the late County Judge Tully, adjourned until 10 o'clock tomorrow morning.

NEW CITIZENS.

NINETEEN NEW CITIZENS LOCATED HERE TODAY.

This morning sixteen mechanics and three foremen arrived from Terre Haute, Ind., to work for Hiram Blow, at the Paducah Coal company, which he has leased. They will soon have their families here.

TO PLAY BALL IN MURRAY.

Mr. Newt Atkinson, the well known ball player, received a telegram from Murray this afternoon calling him there to play ball in three match games beginning tomorrow. The Cadiz and Murray teams will meet and the games promise to be hotly contested.

SHUT DOWN.

Steel Mills Close Until The Strike Can Be Settled.

MANAGERS CONFER.

Supposed Anti-Union Men Fall Into Line and Join The Strikers.

SOME STEPS TOWARDS SETTLEMENT.

Pittsburg, July 16.—Reports received from all sources connected with the great strike of the steel workers indicate that the members of the Amalgamated association had matters well in hand and that the strike order was generally obeyed. Telegrams from various points where the mills of the American Tin Plate company, the American Steel Hoop company and the American Sheet Steel company are located, told of the shutting down of these plants in large numbers. In many cases the plants had been shut down by the first strike which affected the sheet steel and steel hoop companies only. The last order brought out all the union plants of the American Plate company with the single exception of the new mill in Monessen, which is still running. At the Amalgamated association headquarters it was stated that 74,000 men would be actually idle in the mills of the three companies.

The hoop company's supposedly non-union mill, known as the Painter, was closed. The tie-up at this mill was said to have been a surprise to the owners and officials in charge of it. The other plant known as the Lindsey & McCutcheon mill in Allegheny was shut down completely in the puddling and bar mills.

The most interesting report to the Amalgamated association was the dispatch from New York which said a conference of the manufacturers was to be held in New York today at which Warner Arms is to present a detailed account of the experiences of the committee that met the Amalgamated association last week.

The question of again extending the olive branch to the strikers or of taking up the fight and crushing the association will be determined. Generally speaking the workers, from President Shafter down, seem to be looking for some sort of a settlement.

RAPID COMPLETION.

CONTRACT FOR THE NEW MASONIC-ODD FELLOWS BUILDING MAY BE LET TOMORROW.

The bids for the work on the Odd Fellows building will be opened tomorrow and the contract awarded. The building will be one of the finest in the state and will be a credit to the city. There was some little doubt raised at first about the building, but with the energetic work of the promoters and the lodges' strong backing will see the building go up to rapid completion.

NAME CHANGED.

MARBLE HALLS MAY BECOME THE BROOK HILL CLUB.

The Marble Hall baseball club will change its name. The club had been thoroughly overhauled and new players secured and is as good as any other amateur team in the state this side of Louisville. It is probable that the name of the club will be "Brook Hill." Two well known firms in this city have agreed to give several hundred dollars towards erecting a baseball park, but want the park built out near the Illinois Central depot where one of the firms owns land. They want to obtain sole possession of the park and also the management of the team. The park will be named after one firm and the team after the other. Manager Wilkins thinks the park is a go and will have a talk with the promoters of the new arrangement this afternoon. If everything is settled this week the park will be under course of construction within the next week.

CASE DISMISSED.

THERE WAS NO EVIDENCE AGAINST THE BIEDERMAN CO.

John Graham Discharged—A Few Misdeemeanor Cases on The Docket.

The warrant against the Jake Biederman Grocery company, for the alleged purchase of goods on the market for the purpose of reselling, was dismissed by Judge Sanders this morning. There was no evidence to show that the goods were purchased unlawfully, and hence the case was dismissed.

The house breaking case against John Graham, colored, charged with going into Lucy Woodson's house and stealing a pistol and a razor, was dismissed.

The warrant against John Hamilton, for alleged wife beating, was filed away, the prosecuting witness failing to appear.

RELIEF NEAR.

The Dark Flag Floats Over Observer Bornemann's Office.

COOLER WEATHER ALSO.

The Temperature Today Has Not Been So Warm as That of Yesterday.

RAIN IN BALLARD COUNTY.

The present prospect of rain will be hailed with delight by the people of this section. Today the dark flag floats over Observer Bornemann's office, and the small triangular pennant beneath indicates cooler weather. Most people, however, would prefer to have some of the promised relief today.

Yesterday the maximum was 101, and this morning was slightly cooler than yesterday, the lowest being 73. "The drought is very bad, it is true," said Observer Bornemann today, "but is being exaggerated. The effects will not be so bad as it is predicted, and I think we will have rain tomorrow, because indication points that way."

AFTER DOGS.

ABOUT 300 WARRANTS ARE TO BE ISSUED AT ONCE.

Preparations are being made to issue about 300 warrants against the owners of dogs for failing to pay the tax. For several weeks special officers have been securing names, and everything is now ready for a crusade against the canine population.

DAILY THOUGHT.

"The measure of noble living is to find in every disappointment opportunity for progress, and to make of every hindrance a step forward."

For years the city council has been trying to pass a market house ordinance that will afford some measure of protection to the general public, and for years it has persistently failed. It begins to look as if the city has a poor body of law makers so far as the market house is concerned at least.

In several portions of Missouri there has been no rain since April 17th and Gov. Dockery, in response to numerous petitions, has set aside Sunday, July 21, as a day of fasting and prayer, that the drought be broken. If the sultry weather continues much longer fasting will have become a necessity by that time, for there will be little left to eat.

The weather men have laid the hot weather onto Jupiter and one of his companions in space. Owing to the latter's position they can afford to assume the responsibility, but the people down here would much rather the weather clerk had blamed something more within reach.

The engineers and firemen on the International railroad, running into Eagle Pass, Texas, have tied up the road by striking for a raise. They claim they were paid in Mexican money and that it greatly depreciated their wages.

It is hoped that if the small park on Fountain avenue is named after Mayor Lang it will prove more of a credit to him than Yaiser park has been to his predecessor.

Chicago's mayor has come out in the shirtwaist. When interviewed about it he said he knew no law against a man making himself comfortable.

The brick street ought to be named after the council.

BETTER TODAY.

OPERATION ON HARRY KOLLEY REVIVES HOPE OF HIS RECOVERY.

DROWNED IN TEXAS.

SON OF THE EDITOR OF THE "CONFEDERATE VETERAN" DEAD.

A Nashville dispatch that will be of interest here because of the fact that the young man's father is well known here, is as follows:
News was received here today that Paul D. Cunningham, engineer under the United States Boundary Commission, had been drowned at Eagle Pass, Texas, while endeavoring to go through the rapids up Rio Grande River. Mr. Cunningham was 31 years of age and the only child of S. A. Cunningham, editor of the Confederate Veteran. He was last year one of the chief engineers engaged in sanitary work in Havana, Cuba, and for a time was practically in charge of work under United States government. Deceased was unmarried.

The readers of this paper will be pleased to learn that there is at least one dreadful disease that science has been able to cure in all its stages and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. splendid record.
The report of foreign commerce of the United States, just completed, shows that during the fiscal year just ended, all records are surpassed. The combined value of imports and exports for the fiscal year amounted to \$2,310,413,077, against \$2,344,424,266 for the year ending June 30, 1900, the largest previous record. The imports for the year amounted to \$829,756,533, a decrease of \$27,184,651 in comparison with the imports for the previous year. The exports amounted to \$1,480,656,544, an increase of \$93,173,462 in comparison with the previous year, making the balance of trade for the year in favor of the United States \$654,900,011, or an increase of \$130,358,113 over the balance of trade for the previous year. In addition to this there was an excess of \$17,901,139 in the value of silver bullion exported over the value of that metal imported.

The idea of sweeping the brick street only twice a week will be generally considered a bright one. The average person is asking "for goodness sake how many times was it swept before? Once a month?" The street ought to be swept every night, and if it isn't, the thoroughfare is a sight to behold the next morning. The idea of sweeping it twice a week is worthy of a country village. It might as well not be swept at all. If the city council is afraid that a more frequent sweeping will wear out their elegant brick street, the presumption may be well founded, for it wouldn't take much to spoil what's left of it, but the multitude of citizens would prefer to have it swept every night as long as it lasts, at least.

"No, but I object to his taking" the ladies answered Helen. "One thing sure, he'll find me a sociable neighbor."

Lottie laughed.
"There's no need nursing your disappointment about the claim," she said, "for I intend to be mistress of it some day."

"Why, Lottie Gilman, what do you mean?" demanded her sister.
"I'll marry Ellery Chase and get the claim after all," she returned in her teasing tones.

A few days after this dialogue between the sisters, Ellery Chase returned the young ranchwoman a service by finding and returning to her herd some "strays" which she had thought were hopelessly lost. Helen Gilman was riding along on her pony, inspecting some of her cattle, when Ellery drove up the strays and in a straightforward way explained how and where he had found them.

"Very kind in you, Mr. Chase," she said in icy tones. "How much do I owe you for this service?"
"Nothing, Miss Gilman," he replied. "I give you real pleasure to serve you, and whenever I can do you a neighborly turn don't hesitate to ask me."

"Thank you," she said, even more coldly than before, and she rode away toward her house.
"A Nova Zembla icicle would be warm compared with her reception," he said, with a whistle. "Jove! He makes a beautiful figure on that pony, and what perfect health she possesses!"

After a little hesitancy, Lottie told him.

"I cannot stand it to live near you and not be more to you than I am," he answered.
"Stay then," she said, holding out her hands to him, with the light of love in her eyes.

"And so I am to have the claim after all," laughs Lottie. "I suppose I must be satisfied, but Helen carries off the better part of the bargain. But I'm glad hostilities have ceased and Ellery is to be my brother."

LIGHT ON COLONIES.

Graphic Description of the Philippines and Their Environment.
Speaking of new light on the Philippines, here's some geographical, commercial and general, that is certainly expressed in a new way if it does not actually convey real and valuable information. It gives the impressions of a private in the Seventeenth Infantry. He writes: "The Philippines are a bunch of trouble gathered on the western horizon of civilization. They are bounded on the north by rocks and destruction, on the south by cannibals and earthquakes, on the east by typhoons and on the west by hoodooism and smuggling. The soil is very fertile and large crops of insurgents and treachery are produced. The inhabitants' chief occupation is building trenches and making bolos. Their houses are made chiefly of bamboo and landscape. Manila is one capital city. It is situated on Manila bay, a large land-locked body of water full of sharks and Spanish submarine boats for which Dewey is responsible. Cavite, the next city, the importance, is noted for being no good as a naval station, for a large number of saloons and Chinamen. The principal exports of the island are rice, hemp and war bulletins. The imports are American soldiers, arms and ammunition. Communication has been established between the numerous islands by substituting the mosquito for the carrier pigeon, the mosquito being larger and better. The climate is pleasant and healthful for mosquitoes, bugs, snakes, tarantulas, ponches, scorpions, centipedes and alligators." In closing the young man expresses a longing for home.

Barbers Who Shave Dogs.

Barbers who shave dogs are in demand in Paris. Some of the shaved animals are fantastically shorn, leaving rings of hair adorning their bodies, alternating with denuded strips.

Raising Oysters in Oregon.

Eastern oysters do not reproduce well in the colder waters of Oregon and Washington. An attempt is to be made, therefore, to acclimate there the fine large oysters of northern Japan.

THE SUN'S DAILY STORY.

HELEN'S HOSTILITY.

By AD. H. GIBSON. Copyright, 1901, by the Daily Story Pub. Co.

Ellery Gilman was a successful young ranchman on Bear Creek in Nebraska. Five years ago she had come to the state and invested her earnings as teacher in cattle, preeminent an excellent piece of land. Her boring ranchman would touch that land as long as I kept my cattle grazing there, and now that young man must come here and gobble up the claim right from under my very nose."

"Well, Helen, we could hardly expect that so fine a claim would let me hold it," said Lottie. "For my part I'm not sorry that Ellery Chase has taken it. He's so handsome and pleasant. Then he's not to blame for what his father did."

"No, but I object to his taking" the ladies answered Helen. "One thing sure, he'll find me a sociable neighbor."

say the main thing to do is to keep the stomach, liver and bowels in order if you want to keep well and live long. Good physicians say the same thing, too. The remedy called

RIPANS TABULES

while not mysterious or miraculous in its curative qualities, is a simple formula prescribed by the best physicians for disorders of the digestive organs. Just little Tabules, easy to take, easy to buy and quick to act. If your trouble is Dyspepsia, Biliousness, Headache, Dizziness, Constipation, Heartburn, and the like, no need of calling a physician. Ripans Tabules contain exactly what he would tell you to take. Permanent cure follows a fair trial. No uncertainty about it.

ONE GIVES RELIEF.

There is scarcely any condition of ill health that is not benefited by the operation of Ripans Tabules, and the price for five cents. A family box of Ripans Tabules is sold for 50 cents. For children, the chocolate coated work for 25 cents. See directions inside. For sale by druggists.

Chinamen Not Good Soldiers.

It is a natural supposition that people who have no fear of death should make good soldiers. Yet the Chinamen have so far been a hopelessly bad soldier. That is not because he is a coward or because he is afraid of death or wounds; yet, after all, however lightly a man may hold his life, no one sacrifices it unless it be for some ideal or other. It is but fair to add that it is the military mandarins or officers who generally give the signal for a stampede. Possibly if commanded by capable officers the Chinese with their wonderful power of enduring privation and their calmness toward death would eventually form an admirable army.

Enlistments in Scotland.

Enlisting in the army was brisk in Scotland in the past year. At Edinburgh the year was a record one, about 1,200 recruits being secured, against 700 the previous year; at Aberdeen there were 236 enlistments, 117 of them were for the Gordons; at Dundee 1,005 men enlisted, nearly 200 more than in 1899. A much better class of men are said to have enlisted than in former years.

Congratulations from Many Lands.

OF MYSELF.
This only grant me, that my means may be too low for envy, for contempt too high. Some honor I would have. Not from great deeds, but good alone! The unknown are better than ill known: Humors can open the grave. Acquaintance I would have, but when depends Not on the number, but the choice, of friends.
Booze should, not business, entertain the night. And sleep, as undisturbed as death, the night.
My house a cottage more Than palace; and should fitting be For all my use, no luxury.
My garden painted over With Nature's hand, not Art's; and pleasure yield Horace might envy in his Sabine field.
Thus would I double my life's fading space. For he that runs it well twice runs his race.
And in this true delight, These unthought sports, this happy state, I would not fear, nor wish, my fate: But hold it every each night.
To-morrow let my sun his beams display. Or in clouds hide them; I have lived to-day.

**Observations
....at Random**

Bargain day at the stores has long been a favorite theme with the cartoonist and professional joker, but the man who compared the rush at bargain counters to the wild and turbulent football game finds confirmation in the following dispatch to the Globe-Democrat from Cincinnati:
"In a bargain sale rush of women at the Knox 10-cent store on West Fifth street today two women fainted. No assistance was given them until several men who were standing in front of the Rand Hotel rushed in and carried them to the hotel. Two of the rescuers went out to ask some women in the crowd to come and open their purses and assist in reviving them, but not a woman would leave the bargain counters. The men went back and revived the women as best they could.
"The women gave their names as Mrs. Susie Ennis, Hopkins street, and Mrs. Poland, East Walnut Hills. After being revived Mrs. Ennis went back to the store, but fainted a second time, and was revived with difficulty in the manager's office."
A prominent German tobacco buyer and his wife, who have been in this country but a short time, were in the city last week and while here took their first trip on a steamboat, making the round trip to Cairo on the Dick Fowler.

They evinced great surprise at the manner in which steamboats are run, and mistook the smaller landings for mere wilderness. The gentleman said that what astonished him most was that the boat stopped and ran her nose into the mud at many places in the dense woods, and put off freight there, leaving it completely at the mercy of the Indians.
Coming back the boat whistled, stopped and landed in the mud again and took on the same boxes, which strange to say the Indians had failed to get during the day. It puzzled the gentleman from Germany very much. But he is now spending a few days in Mayfield, where he can doubtless find many much stranger things.

A well known lady found herself in a very embarrassing position Sunday. She left home shortly before 11 o'clock to go to church and not caring to be bothered with an umbrella left her "rain stick" at home along with instructions to the cook to bring it to the church if it looked like rain. The sky clouded while the services were being held and the cook procured the umbrella as instructed and repaired to the church. Just after communion services were over in walked a dark-skinned female holding in her hand an umbrella. She marched up the aisle and giving the umbrella to the minister said: "Dis is de umbrella I took lak it would rain." She then turned and without another word marched majestically out of the church. The minister handed the umbrella to the owner, who found herself so overcome with embarrassment that she hardly knew what to do.

THE CITY COUNCIL

Several Ordinances Given Final Passage at Last Night's Meeting.

NO SALOON LICENSE.

People Near Twelfth and Madison Do Not Desire a Saloon—Ordinance Ordered.

PROCEEDINGS OF THE MEETING

All the members of the city council were present at the regular meeting last evening and Mayor Lang was in the chair.
City Tax Collector Wm. Kraus reported the collection of \$18,675.79 and \$496.83 back taxes.
The usual number of accounts were allowed, and the report of the ordinance committee was not long.
Ordinances providing for the new West Tennessee street fill, for grading and graveling Monroe street from Fourteenth to Sixteenth street, and for condemning property for opening South Ninth street from Husband street south, were given final passage and an ordinance for grading and graveling Sixteenth street from Jefferson to Trimble streets, was given first passage.
The prayer of Mrs. Fannie Kahn for relief from assessment on \$4,000 real estate mortgage was refused, as was a prayer from R. T. Nelson for relief from assessment on a \$700 piece of ground. G. W. Collier's prayer for relief from assessment on a \$300 piece of property in Mechanicsburg was referred to the prayers from W. E. Roberts and E. P. Swift further time was granted.
Ben E. Parker, colored, petitioned the council for a coffee house license at Twelfth and Madison streets, but a petition from property owners was presented by Deputy Sheriff Gus Rogers, and the request was refused.
An application for coffee house license from Robt. Schisler was deferred, as the notice had not been posted long enough.
The fire committee reported the arrival of the aerial truck, and the committee, in the matter of having an alarm box placed in Worten's addition, was granted further time.
Chairman Bondurant, of the park committee, suggested that a name be selected for the small park on Fountain avenue. Councilman Weille moved that it be known as "Lang Park" and the name will be selected if it is learned that the place has no official name.
Attorney Lightfoot reported in regard to the petition from Mr. John Fasley, who claimed to have paid street improvement that should have been paid by someone else, but there was no support for such claims.
Further time was given the committee appointed to locate new lights in the city and to investigate the extension of water mains into Rowlandtown. Councilman Jones reported that the light ordered for Sixth and Broad street had never been located there.
On motion of Chairman Hannan the street inspector was instructed to clean Broadway with the sweeper twice a week.
An ordinance was given first passage requiring contractors who in building sidewalks fail to place back drain pipes that they take up, to replace the pipe.
Further time was granted in the ordinance providing for a fill from Fourth to Fifth on Trimble. It has already been given first passage. It was reported that Mr. Robertson, who owns property on one side, will build two fill himself if he can purchase the property on the other side.
The alley from Adams street, between Ninth and Tenth, was ordered repaired.
Some changes at the South Side station were authorized made by the committee.
An ordinance was ordered, brought in providing for the paving of North Ninth street from Madison to Trimble streets.
An ordinance was ordered drawn providing for the opening of South Eighth street from Husband to Beckman, the property owners being in favor of the improvement.
It was reported that there were several patients in the city hospital who had been there longer than the law allows. The matter was referred to the hospital committee.
The matter of refunding \$75 to Gilbert & Weldon for taxes paid on cotton stored in their warehouse and belonging to others, was referred to the city attorney.
Mayor Lang reported that \$50 had been paid Louis Chenelle for the damage to his vineyard in running North Tenth street through the property.
The Gas company was required to comply with the ordinance in laying their new mains or repairing their old pipes.
The iron furnace was exempted from taxation for five years, beginning January 1, 1902. As the assessment has already been made the furnace could not be released this year.
The request of W. Y. Noble to pass over the Tennessee street bridge in hauling gravel to Twelfth street was

granted. He guarantees to stand between the city and all damages that might result, and to keep a man there to warn others not to cross.
The council then adjourned.

GUN CLUB.

THE BEYER-STARR MATCH TAKES PLACE THIS AFTER-NOON.

The birds for the Gun club shoot are here and the match contest between Messrs Henry Beyer and Ben Starr will be shot this afternoon at the club grounds at La Belle park. The birds came from Murray and arrived in the city yesterday afternoon. The club now has a good supply and will not have to send away again to obtain birds for the big shoot Friday. The contest this afternoon is for the championship of the club and will be one of the hottest shoots of the season. Friday Messrs. H. Brougham and Hal Walters will shoot against Messrs. Ben and Mores Starr for a purse of \$100. The contest was postponed from last Friday on account of the failure of the live birds to arrive in time. After the match shoot this afternoon the club will hold a target shoot and will probably do some live bird shooting.

TO ALL PERSONS HAVING FARMING, TIMBERED, OR MINERAL LANDS, OR WATER POWERS FOR SALE.
The Nashville, Chattanooga St. Louis Railway proposes to use its best efforts to induce a good class of immigrants to settle in territory contiguous to its lines and to engage the attention of capitalists seeking Manufacturing Sites or Mining Property. It therefore solicits the support, the co-operation and the assistance of the people of every county through which its lines pass. The management earnestly requests that all persons who have farms for sale or lease, those who have timbered lands, water powers or mineral lands for sale, will send a brief description of the same to the railroad agent nearest them, giving the prices and terms of sale. The prices must correspond with the prices asked of local buyers. The management does not propose to aid in selling land to immigrants at exorbitant or speculative prices.
Large tracts suitable for colonization, at low prices, are especially wanted.

MY TRIP TO THE WHITE MOUNTAINS.

After my school days were over and I tired of the dust and the noise of the city, I thought I would take a trip to the White mountains to see my widowed aunt whom I had not seen for many years.
Not wishing to go alone, I heard of a gentleman who used to be my particular friend at school was going the same route as I, so we concluded to go together and enjoy ourselves the best we could. Of course we had to make preparations for the trip and set the date to go. We intended to go the first of August. He was going to attend to some business that was left unsettled by his father many years ago and I to see my aunt. I told him that I, being a lady, was not used to traveling alone and such a long distance, too. Well the day at last arrived and we had to bid our friends adieu. First we took the steamer, then the train and last the stage coach. And such a delightful time as we had! The route was very picturesque. We saw a great many lakes and beautiful hills. We arrived at our destination and were glad, but I was surprised to find my aunt married. She had been married a year, but none of us knew it. She had a step-son but I could not be sorry for the young man whose name was Albert, escorted me around the grounds and showed me the scenery. The mountain was so steep that the little cottages up there looked as though they might slip down. We had many delightful drives and spent many a pleasant afternoon on the mountain side reading and enjoying the fresh mountain air. But time soon passed away for school was drawing nigh, and I had to pursue my studies again, but my mind was refreshed thinking about my pleasant visit. He being a lawyer returned to his office of business too, for he had already been admitted to the bar to practice law. Whenever I hear any one speak of a trip I always think of the one I took to the White mountains in New Hampshire. O. B. C.

ANNA'S GHOST.

It was eight o'clock and little Anna's bed time, so she went to her room where Hannah, her "black mammy," undressed her and put her to bed.

One of the teams working on the 12th street fill rolled down the embankment yesterday afternoon but no damage resulted from the accident. The driver had driven too near the edge and the wagon became overbalanced and turned over, dragging the mules along with it.

PRISON ISLAND.
St. Helena Adapted by Nature for its Present Use.
In the old days—not good old days—when East Indians went round the Cape, St. Helena was a great port of call and of revictualing. It was prosperous then, and when in 1815 Napoleon the Great came there as a prisoner his prosperity was at its zenith.

The government had no control over it. The island belonged to the East India company and it was only by an arrangement with the board of directors that it could have been used as a place of deportation for the mighty emperor. Why was it so well fitted for the purpose? It is in mid-ocean—1,000 and more miles from any continent. Its coast rises up in precipitous rock from the ocean. Escape, save at the risk of a broken neck, would be almost impossible. Only at one place—Jamestown, on the north-eastern coast—could any boat hope to land, and even there only if the elements are kind. This is not always so. There is the roller season. Great rollers come in from the south Atlantic, and often for days there can be little or no communication between the anchored vessel and the rough steps at the end of an embankment.

THE RIVER NEWS.

Observations taken at 7 a. m. River 8.7 feet on the gauge, a fall of 0.3 in the last 24 hours. Wind, southwest, a good breeze. Weather, clear and hot. Temperature, 82. PELL, Observer.

The man, "Dan" Mitchell, reported to have died on the John K. Speed, turns out to be Matt Mitchell, the well known colored steamboat porter, who for years served the big Kanawha in the Carrollton trade. Matt Mitchell was known to hundreds of people living along the Ohio.

Business rather quiet in river circles today.
It is a somewhat remarkable fact that where a steamboat has more than two whistles only one or two of them blow at full sound. The others are simply "dummies," and only waste steam. There are two causes why they won't blow and make a "concord" of sweet sounds. One is they are seldom tuned; the other is the pipe leading from the boiler is too small to supply more than one or two of them with steam. The cost of blowing a cluster of small whistles or one or two large ones on a trip is no small amount.

The Woolfolk arrived last evening from Memphis. She brought up a big tow of logs.
The H. W. Butteroff left for Clarksville late last evening with a good trip. She is due to leave here at noon tomorrow for Nashville, but owing to low water and being several hours late in leaving here for Clarksville she will be late in getting away from here tomorrow afternoon.

The City of Memphis passed out of Tennessee river yesterday afternoon with a good trip. She got 75 deck passengers, who came out of the Cumberland on the Butteroff yesterday. They go to St. Louis to work on some railroad back in the interior of Missouri.

The Dick Fowler had a big trip in from Cairo last night. She left on time this morning on return trip. She had a good trip of people and considerable freight for Cairo.
The City of Clifton is due tomorrow morning from St. Louis for Tennessee river. She has a big crowd of round trip people.

The John S. Hopkins, from Evansville, arrived and departed on return trip this morning with fair trips in and out.
The Louisville Post of yesterday says: Capt. Lee H. Keck, once general manager for the Louisville & Cincinnati Packet company, died at his home in Cincinnati Saturday night at 10 o'clock. He had been an invalid for a long time.—Pilot Jim Ferguson, of the City of Pittsburgh, passed through this city today en route to his home at Memphis, his boat having retired for the season.—Capt. Jo Carlton passed through the city en route to his old home at Hawesville.

The Charleston is receiving a big trip for her departure this afternoon at 5 o'clock for Clifton, Tennessee, taking in all Tennessee river way landings.
The Avalon left last night for Cincinnati. Lee Gordon was engaged to pilot her as far as Louisville.

The Clyde leaves tomorrow for Madison, Ind., where she will receive extensive repairs.
The Henry Harley, in command of Capt. Jim Till and his crew off the Clyde, leaves tomorrow afternoon at 5 o'clock for Waterloo, Ala., and all Tennessee river way landings. She will fill the place made vacant by the Clyde.

The big John K. Speed will not arrive here until tomorrow en route for New Orleans. She is reported as having a big trip, all that she can handle on the present stage of water.
The Louisville Post of yesterday says: The quarterly meeting of the board of directors in the Louisville & Cincinnati Packet company is being held at Cincinnati today, and so far as known at this writing only routine business will be transacted unless the overhauling of the big steamer City of Louisville should be made a special feature. It is rumored that a suggestion will be made to lengthen her a few feet to make her better suited to the great power she has in her engines. Anyhow, it is a sure thing that she will go to the Madison marine way in a few days to be generally overhauled.

DEMONSTRATION SALE!

BIGGEST CUT PRICE EVENT OF THE SEASON
NOW ON AT WALLERSTEIN'S.

We never do things by halves. When we "go in" to cut prices we cut them lower than any other house, as comparison will tell. To prove this fact we have inaugurated a Demonstration Sale of Men and Boys' Clothing, and in many instances we have cut the prices 10 to 15 per cent. less than others, and in every instance a little less than their lowest prices.

Just to Demonstrate Our ability to undersell other houses we have placed all \$6.50 and \$7.50 Men's Spring Suits on sale at choice of the lot for	\$4.98
Just to Demonstrate How we cut prices and to give you the benefit of a big reduction, all \$10.00 and \$12.50 Men's Spring Suits go at once for	\$7.50
Just to Demonstrate Why it is to your interest to come here we have placed all \$13.50 and \$15.00 Men's Spring Suits on sale at	\$10.80

THE NEWEST SHIRT-WAISTS.

These show a diagonal direction of the fabric from the shoulders to the lower front. This effect is secured without cutting the fabric bias. Our lady friends can see pictures of these styles in our Pattern Department, as the August PUBLICATION, just received, contains several illustrations of this newest effect.

Another style of Shirt waist is that called the "Grecian Pouch," in which the front is very long, and by being caught up in the belt produces the pouch effect.

MAP-MAKING

Involves Patient Research and a High Expenditure of Money.
The exploration of three-fourths of our vast domain has been the work of our government and private citizens. In a broad sense it has been well done, and in the past twenty years it has been succeeded by detailed studies and surveys which should be specially mentioned, for they are a phase of exploration which has been carried out on a large scale only in the nineteenth century, and which is essential to the production of the most accurate maps.

No topographic features or town or village names which should be specially mentioned, for they are a phase of exploration which has been carried out on a large scale only in the nineteenth century, and which is essential to the production of the most accurate maps. They involve, first, the preparation of a topographic map showing the relief or inequalities of the surface, the drainage and the works of man, such as roads, railroads, boundaries, and towns, second, the geologic map, printed in colors upon the topographic base map, showing the distribution of the rock formation, soils, useful minerals, artesian waters, etc. These surveys and the resulting maps are one of the most scientific developments of geographic research in this century, says Cassell's Magazine. They have been completed in all countries of Europe except in Norway, Spain, Turkey and some of the Balkan states. The great survey of India is one of the monuments of cartography and similar surveys are far advanced in Algeria and Tunisia. The topographic work has been carried by our general government, with the assistance of a few states, into all the states and territories and nearly a third of our entire area has now been completed. The labor is enormous and costly.
